

## *Workshop on Statistical Disclosure Control of Census-data*

*May 23<sup>rd</sup>, 2023 (online)*

The Statistical Disclosure Control (SDC) team of the Centre of Excellence for Statistical Methods and Tools invites you to participate to the workshop dedicated to recent progress in Census-data protection. The workshop will take place online, on the 23-rd of May 2023.

The aim of the workshop is to share knowledge and experience on topics like:

- (i) the status of Census grid data protection at our NSIs
- (ii) plans for the Census hypercube data protection
- (iii) coordination of Census and population data protection
- (iv) feedback from data users in countries where SDC methods have been employed while releasing Census statistics

You are invited to give short presentations on special problems and solutions, work in progress, interesting examples from your institute's experience on the listed topics or any other relevant topic.

The registration form (direct link) can be found at  
<https://sdctools.github.io/UserSupport/SDCWorkshopCensus2023.html>

More details will be posted on the SDC tools user support github page  
(<https://sdctools.github.io/UserSupport/>).
